PRATHAMESH KERKAR

MOBILE APPLICATION DEVELOPER

prthmsh.online | mail.prathamesh.k@gmail.com | linkedin.com/in/prthmsh18 | +91-9763049159

ABOUT ME

React Native Engineer with 5 years of experience building and maintaining cross-platform mobile applications for Android and iOS. Experienced in application architecture, TypeScript, state management, REST API integrations, performance optimization, native device integrations, and production releases. Delivered 20+ mobile applications, including 15+ live production apps, with ownership across feature development, technical implementation, debugging, and release management. Focused on building maintainable, reliable mobile applications and making sound engineering decisions.

TECHNICAL SKILLS

- **Frameworks & Languages:** React Native, ReactJS, Flutter, JavaScript, TypeScript, Expo
- **State Management**: Redux, Redux Toolkit, Context API, Zustand, MobX
- **UI Development & Design:** Figma, Google Stitch, UI/UX Design, Wireframing, Prototyping
- **Backend & API Integration:** REST APIs, Firebase, Firestore, Offline storage
- **Native Integrations:** Xcode, Android Studio, Native Module Integration, Push Notifications, Deep Linking, Camera, GPS, Maps
- **Performance & Debugging:** Hermes, Flipper, Sentry, Performance Optimization, Crash Monitoring
- **AI Development Tools:** Cursor, Claude code, Codex, Google Stitch
- **Deployment & Release Management:** App Store, Google Play Store, CI/CD, CodePush, Fastlane

PROFESSIONAL EXPERIENCE

React Native Developer **February 2026 – Present**

Accelerated Intelligence Operating Modals Pvt. Ltd (AIOM), Hyderabad

- Led end-to-end development of mobile applications across real estate, social media, and e-learning domains.
- Owned application architecture, UI design, feature planning, and complete user flow definition.
- Translated product requirements into application features, screen structures, and functional workflows.
- Made product-level decisions on application features, functionality, and user experience.
- Designed intuitive, user-focused interfaces for mobile applications.
- Developed and maintained cross-platform applications using React Native and TypeScript.
- Contributed to Flutter application development and cross-platform implementation.
- Leveraged AI-powered development tools to accelerate coding, UI implementation, debugging, and development workflows.
- Collaborated on feature refinement and application requirements to align implementation with product objectives.
- Focused on maintainable code, reusable components, and consistent application behavior.

Mobile App Developer **September 2021 – February 2026**
Team Inertia Technologies, Goa

- Developed and delivered 20+ mobile applications, including 15+ live production apps for Android and iOS.
- Managed end-to-end application development, including architecture, feature implementation, API integration, testing, and store releases.
- Developed 15+ features and modules involving complex UI implementation, backend integrations, and production-ready builds.
- Integrated social authentication (Google, Facebook, Apple), YouTube APIs, in-app purchases, and payment gateways including Razorpay, PayPal, and Apple Pay.
- Integrated Firebase services, REST APIs, MongoDB, and local data persistence solutions.
- Implemented native device capabilities including camera, GPS, maps, audio playback, and push notifications.
- Optimized application performance using Hermes, Flipper, caching, and lazy loading.
- Managed Google Play Store and Apple App Store releases, updates, and post-launch maintenance.
- Monitored crashes and application performance using Sentry and Google Analytics to improve stability.

Informatics Implementation Support **February 2021 – September 2021**
Abbott Laboratories, Goa

- Installed and configured enterprise applications and supported mission-critical systems.
- Performed root-cause analysis and resolved recurring software, hardware, and network issues.
- Trained end-users and documented troubleshooting procedures.
- Generated operational and performance reports for stakeholders.

Cosmic Solutions **September 2020 – December 2020**
Web developer Intern, Goa

- Developed a React Native mobile application prototype.
- Built and maintained websites using WordPress.
- Created reusable frontend components to improve development efficiency.

EDUCATION

Bachelor of Engineering in Computer Engineering **2020**
Padre Conceição College of Engineering, Verna, Goa

Higher Secondary School **2016**
Dhempe College of Arts and Science, Bambolim, Goa

ADDITIONAL INFORMATION

- **Languages:** English, Hindi, Marathi, Konkani.
- **Certifications:** Android App Development (Papercrunch), Progressive Web App Developer Bootcamp (Hexcoderz), UI/UX Workshop (ALPHACODE), Web Development Bootcamp (Hexcoderz)
- **Additional Skills:** Problem Solving, Critical Thinking, Product Ownership, Team Collaboration, Creativity, Quick Learner
